Ruofeng Chen

Graphic designer/Video editor *https://rfff7.github.io*

Profile

Motivated Design (BFA) student at Queens College with hands-on experience in digital and print design, motion graphics, and video editing. Experienced in Adobe Illustrator, Photoshop, and After Effects, with working knowledge of InDesign and developing skills in layout, color, and typography. Created flyers, social graphics, and promotional videos during an internship at NYC Health + Hospitals/Woodhull, supporting community outreach and public health messaging. Additionally contributed to Students for Voting Justice by designing social content to encourage civic participation. Detail-oriented, collaborative, and committed to refining visual communication skills while maintaining brand consistency.
